

Commercial inspections & restoration

Know your building. Plan your next step.

Serving property owners, managers, and facility teams in St. Louis and surrounding areas.

FIVE AREAS OF SERVICE

Water damage Inspection requests, water mitigation, and property recovery planning.

Mold concerns Inspection and remediation planning, including discussion of further evaluation.

Restoration Assessments and planning after fire, water, or storm damage.

Environmental concerns Assessment and service coordination for environmental concerns.

Commercial duct cleaning Cleaning assessments, access planning, and coordination around occupancy.

EXPERIENCE. COMMUNICATION. FOLLOW-THROUGH.

Over 25 years of experience. DRP was founded by Jerrod Stewart in 2007 with a focus on taking care of people and doing the job right.

Tell us the property location, what you have noticed, and your access or timing needs. We will discuss the scope, availability, documentation, and any applicable inspection fees before arranging a visit.
